Amar Sijercic

Senior UX/UI Designer · CRO & E-commerce Specialist

PROFILE

Senior UX/UI Designer with 15+ years of experience delivering high-converting digital products across e-commerce, SaaS, fintech, and mobile. Specialised in CRO-driven design — from Shopify storefronts and email flows to A/B tested landing pages. Full design lifecycle: research, wireframing, Figma prototyping, Webflow/Shopify delivery, and iterative optimisation. Fluent with AI-powered design tools. Senior UX/UI Designer at Wiser Technology Solutions and Travlrd LLC; teaching UX/UI at Academy387.

WORK EXPERIENCE

Senior UX/UI Designer

Wiser Technology Solutions · Jul 2026 – Present · Sofia, Bulgaria (Remote)

- Own end-to-end UX/UI for client-facing digital products within a distributed, cross-functional team.
- Translate business requirements into user flows, wireframes, and high-fidelity Figma prototypes.
- Build and maintain reusable components and design patterns for consistent, scalable UI.
- Work closely with developers and project managers on handoff, QA, and iterative delivery.

Senior UX/UI Designer

Travlrd LLC · Feb 2024 – Present · Sarajevo, BiH (Remote)

- Lead UX/UI across 10+ client products: Shopify stores, SaaS dashboards, AI mobile apps, and Webflow marketing sites.
- Delivered Persuava (AI SaaS) with a CRO-focused redesign — landing pages, email flows, core product UI — contributing to a VC funding round.
- Designed Evionor's Shopify store with separate B2C & B2B conversion flows and branded transactional email templates.
- Designed Eldelia — AI companion app for seniors (iOS & Android) — achieving 4.8/5 on Trustpilot at launch.
- Applied A/B testing to CTAs, page hierarchy, checkout flows, and email subject line variants.
- Managed projects via ClickUp; delivered async design walkthroughs with Loom.
